ODC CORONAVIRUS (COVID-19) COMMUNICATION

3/16/20

ODC continues to follow updates from the CDC, and will continue to follow their recommendations as well as any recommendations from our local health departments.

We are continuing to operate, with some modifications to our services, which are outlined below:

Community Based Services and Beginnings (community): The CDC has recommended that individuals should avoid, cancel or postpone any in-person event that consists of 50 people or more throughout the U.S. Due to this recommendation **we are rescheduling any community-based activities where there would be more than 50 individuals at the location. We are also suspending any groups that go into an assistive living facility or nursing home.** We will be identifying substitute activities and locations for the time being.

Facility-Based Services and Beginnings (facility): **Our staffing ratios for groups in our facility-based services will be a 1:4 ratio (one staff with four individuals).** The group will be separated throughout the building space to allow us to exercise social distancing with more ease. **We will suspend all cooking classes until further notice.**

Community and Supported Employment: We will continue to support the individuals and employers during this time, and will follow any restrictions or modifications of those businesses. We will also practice good hand washing and social distancing in any places of employment.

If you have questions please contact:

- Julie Strenn, Executive Vice President (715) 741-0215
- Samantha Stark, Human Resources Manager (608) 547-8399
- Marge Reed, Vice President of Finance and Operations (715) 459-3479
- Pam Ross, President (715) 421-6367
